

JOSELYN SAAVEDRA

Frontend Developer | Angular | React | JavaScript | TypeScript

Quito, Ecuador | Open to Remote

+593 99 252 3644 | Josyts.js@gmail.com | linkedin.com/in/joselyn-saavedra-dev

PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience translating business and user needs into responsive, interactive web applications. Strong expertise in **HTML5**, **CSS3**, **SASS**, **JavaScript**, **TypeScript**, **jQuery**, **Angular**, and **React**. Skilled in building reusable UI components, integrating **REST APIs**, debugging with browser developer tools, and delivering maintainable code in agile teams. Passionate about usability, clean interfaces, and continuous improvement. Experience with **Figma**, **Storybook**, **Git**, and AI-assisted development (Cursor, ChatGPT).

PROFESSIONAL EXPERIENCE

Vidortec / Vigatec Chile - Frontend Developer / Full Stack

October 2023 - Present | Quito, Ecuador / Remote (Chile)

- Developed responsive, interactive web interfaces using **JavaScript**, **TypeScript**, **jQuery**, and **SASS** for enterprise clients (Aguas Andinas, Fila).
- Translated functional requirements into maintainable UI modules integrated with **REST APIs**.
- Built layouts with **HTML5**, **CSS3**, responsive design, and modern CSS practices.
- Debugged and resolved frontend issues using **Chrome Developer Tools** and proactive troubleshooting.
- Collaborated with cross-functional teams in fast-paced, iterative delivery environments.
- Performed code reviews and contributed to scalable, reusable frontend code.
- Supported fintech implementations (**Diners Club**) in testing and production environments.

Advance Latam - Frontend Developer

June 2023 - August 2023 | Ecuador

- Built responsive websites with **Angular**, **TypeScript**, **HTML5**, **CSS3**, and **SASS**.
- Maintained and improved existing interfaces; fixed defects and enhanced user experience.
- Worked closely with the team in **Scrum** using **Jira**; participated in code reviews.

SELECTED PROJECTS (GitHub)

Fruit Store E-commerce - github.com/Witch19/tienda_bnk

Angular 19, TypeScript, REST APIs, responsive UI

- Interactive e-commerce frontend with product catalog and purchase flows.
- Consumed backend microservices through REST APIs with scalable component structure.

Pet Adoption UI - github.com/Witch19/pet-adoption-ui

React, TypeScript, Tailwind CSS, JWT

- Modern responsive web app with reusable components and strong UX focus.
- API integration, form validation, and state management.

Billing UI - github.com/Witch19/billing-ui

React, TypeScript, Tailwind CSS, Axios

- Clean billing interface with REST API integration and JWT authentication.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, SASS, CSS Grid, Flexbox, Bootstrap, responsive design

JavaScript: JavaScript, TypeScript, jQuery, Angular, React, SPA architecture

UI/UX: Reusable components, Figma, Storybook, usability-focused development

Integration: REST APIs, Axios, JWT authentication, Postman

Quality: Chrome DevTools, debugging, ESLint, code reviews, maintainability

Tools: Git, GitHub, Azure DevOps, CI/CD, VS Code, Jira

Soft skills: Team collaboration, communication, adaptability, problem solving

AI tools: Cursor, ChatGPT, Claude, GitHub Copilot

EDUCATION

Software Development Technology - Universidad UTE

Mechatronics Engineering - Universidad UTE

CERTIFICATIONS

- JavaScript - 180 hours (Intermediate Level)
- React - 80 hours (Develop Junior)
- Advanced Git - 40 hours
- Web Development: HTML & CSS - Google (300 hours)

LANGUAGES

Spanish: Native | **English:** Intermediate (professional reading & writing)
